

Shopping for Thanksgiving Dinner

{A Math Activity}

By Blair Peterson

Thank You

Thank you so much for downloading this freebie! This activity is always one of my students' favorites! Give each student a "Shopping for Thanksgiving Dinner" page, as well as an "Items" page. They need to decide what they will buy for dinner. They only have \$25 to spend, and they have to buy at least 6 items. When they are done, they fill out the "My Thanksgiving Dinner" page. I also included some extension activities for students who need a little bit more of a challenge.
